

The Odd Column

Sothall has started in Basasso. It is a belated start, but nevertheless, it is started. The first game was played Wednesday afternoon on the vacant lot between Walter Webb's office and Harvey Smith's office. Webb's windows were menaced by a few foul balls and Roy Smith, who was playing left field, nearly made a hurried departure when he saw the danger that threatened. Harvey Smith, however, had no windows in the danger zone. The game was between the "Habsbeens" and the "Neverasars." No official score was kept, so there are several versions as to who won the game. Like that famous battle in Scotland, "Some say that we won, some say that they won, and some say that we were all wrong." Anyway, thirty or more runs were scored, several double plays made, a few clever drives were walked by the heavy hitters, a few errors were noticed, and the ball was lost once in the back yard of the block of houses property and once in the old basement excavation near the post office. It was an exciting game. Every moment was filled with action. As far back as we can remember such a mere detail as what players played on which side. They seemed to be everywhere, all at once, and the respective team captains had some difficulty in keeping account of their players. We do remember a few of those who were in the field. There was Jimmie Stinson, Ward Simpson, Wallace Pannan, Doc Keith, Roy Smith, Arlie Simpson, Jacky Bulmer, Art Pannan, Bill Redmond, Walter Webb, Wallace Smith, Gordon Fick, Louis, Wallace Brown, Clarence Knight, H. P. McDonald, Downe, Jack Summerville, and possibly others. It was a great game. The only thing to be regretted is that sothall had not started early in the summer.

Jan. Doolittle, air pilot, did much when he flew from California to New York in 11 hours and 15 minutes. Doolittle hung up a new record for coast to coast trip, which was in too much of a hurry to enjoy the scenery on the way. Personally, we would prefer the scenery.

Perhaps it is news to most of us that the Vancouver store of the Hudson's Bay Co. carries a small ad, occasionally in the Christian Science Monitor, published daily in Boston, Mass.

WHEAT BONUS BEING PAID SEPARATELY

Local elevators are issuing separate cheques for payment of the wheat bonus of five cents a bushel given under the federal government scheme to aid western wheat farmers. The plan was not put into operation during the first few days of the 1931 wheat was coming in, but now cheques are being issued regularly by the elevators.

Separate cheques are sent in for each lot of what delivered in the elevator, or when wheat is shipped by the carload, a cheque is issued for each 200 bushels or less.

THREE DIE IN RAINIER FIRE

Woman, Child, and Man Are Victims—Believed to be Murder and Suicide.

Three persons died when the home of Fred Letro, of Haisler, burned early Monday morning, Sept. 21. The dead are: Mrs. Elizabeth Letro, about 27 years; her three-year-old daughter, Kathleen; and Fred Letro, 47.

Evidence gathered by Sgt. J. N. Cawsey, who visited the scene of the triple tragedy Monday and Tuesday would indicate that Mrs. Letro and her baby daughter had been murdered, and that Letro committed suicide after setting fire to his home.

Police found that the garage storehouse, and outbuildings at the Letro home had been burned first. All the doors had been locked before the house was set on fire. The child was found in the ruins under the bed springs, and the remains of Letro were found in the cellar, lying beside a shotgun. Shot pellets were found in the head of his body.

Kaiser is located about twenty or thirty miles south of Brooks.

A neighbor's family narrowly escaped meeting the fate of Mrs. Letro and her child, according to J. Stevenson, a C. P. R. ditcher who lives about three quarters of a mile from the Letro home. Stevenson said that about 3 a.m. Monday he was awakened by a noise in the kitchen. He hurriedly descended and found a cat of smoke. He was thrown in the window by someone, and gasoline was burning on the floor. He noticed someone running away. "I was alone," Stevenson said. "I was alone." Stevenson extinguished the blaze with the fire extinguisher. On looking outside he observed that the Letro home was on fire.

Mrs. Letro had been employed as housekeeper in the Letro home for two months, coming from Calgary. She was a widow. It was learned that she had quarreled with Letro and had given notice that she intended leaving the next day.

Hunters Get Good Bags

Fine Hinds Brooded Down by Local Sportsmen—Ducks Believed to be Prey Than Last Year—Hungarian Partridge Seen in Large Numbers.

Local duck hunters are having some fine shooting these days, and good bags are being brought in by the sportsmen. Some say there are fewer ducks than last year, while others do not have so many.

To date the only game reported shot were four brought down by Harry Holmes and his party.

Some farmers complain that many of hunters from Calgary and other distant points have been abusing the privilege of shooting on the farms of farmers, and clearing their land to "outsiders," but still permit local sportsmen to shoot there.

Hunters are anticipating more fine shooting when the Hungarian partridge season opens October 1. These game birds are more numerous than last year.

Remember the ratapapa's meeting at Hussar's store on Oct. 1, at 7:30 p.m.

First Wheat Shipped Over New Hudson Bay Route

Two Boatloads of Western Wheat Will Test Out Hudson Bay Route—Great Experiment Under Way After Years of Preparation.

CHURCHILL, Manitoba, Sept. 23.—Laden with 200,000 bushels of wheat, the steamer Warkworth, second trail steamer of the Hudson Bay route, is ready to sail for Europe at high tide this afternoon. The ship is all ready to leave, but as yet its destination has not been announced, although it is stated the cargo of wheat has been sold.

The first vessel, the Farnsworth, carrying the other half of the trial shipment of wheat, left Friday for London, and was reported ten miles northeast of the end of Charles Island Monday. That position is midway between Nottingham Island and Cape St. John's Advance, where proposed steaming stations are established.

MEMORIAL

MACLEAN: In ever loving memory of our dear daughter and sister, Catherine Forbes MacLean, who passed away September 27, 1930, 17 years and eight months.

One long year has passed since that day God called the one we loved away. Forged her, oh, we never will. For in our hearts she's living still. The blow was great, the shock severe.

We little thought the end was near. And only those who have lost can tell. The pain of parting without farewell.

Sadly missed by Father, Mother, and Family.

MEMORIAL

In loving memory of Catherine Forbes MacLean.

She was always so unselfish and kind. Few on this earth her equal could find.

She had a nature you couldn't help loving; A heart that was purer than gold. The flowers we lay upon her grave May wither and decay, But the love for her that lies beneath Will never fade away.

Inserted by her aunt, uncle, and nieces, Nina, Gladys, and Irene Riddely, Kimberley, B. C.
